Objective:

Creative Software Developer seeking a position that presents opportunities to match my burning enthusiastic drive and love of software architecture. Rigorous analytical thinker here to bring greater satisfaction to all who use our service, as well as all whom I collaborate with, making leaner, more efficient products.

Education

- **Eleven Fifty Academy - ATLAS Program - 2022**
  Ongoing weekly learning meetings with Eleven Fifty Academy Graduate Alumni
- **Eleven Fifty Academy - Software Development Immersive Learning Program - Nov. 2021**
  A 24-week immersive learning program for Software Development taught with industry-guided curriculum, real-world project-based learning, and 500+ hours of logged coding time and training
- **Ivy Tech Community College - Computer Science - 2018-2019**
  Followed the Computer Science curriculum (Java, Mathematical Logic, Web Design, Calculus) until COVID closed the schools

Technical Skills:

Languages/Libraries: C#, ASP.NET, SQL

Cloud Technologies: Azure, GitHub

CI/CD: Agile Methodology, Scrum, Git, CRUD, REST

Databases/ORM: SQL Server, Relational Databases, Entity Framework

Web Technologies: HTML,CSS, APIs, MVC, Responsive web design, Bootstrap,

Visual Studio, Postman

Testing Tools: MSTest

Functional Skills and Capabilities:

- Creative coding enthusiast who thrives on rigorous problem solving
- Strong discipline and work ethic
- Bilingual in spanish
- Knows the best way to fit my role in a group to achieve common goals
- Strong ability to communicate and write clearly so as to eliminate ambiguities
- Has a burning desire to improve and expand my knowledge
- Knows that proper organization creates optimum efficiency in the workplace
- Confident and calm in a demanding, fast-paced environment
- Excellent memory and ability to switch back and forth between responsibilities

Technical Projects

Candor - https://candor.azurewebsites.net/ - C# /.NET / MVC / SQL / HTML / CSS/ Bootstrap / Blazer
- An anonymous idea-rater MVC app where users can register and create usernames; They then can create and post ideas and then receive anonymous feedback from other users - **onedayherenow/Candor (github.com)**
Podcast App - MusaMoussa/PodcastApp (github.com) - C# /.NET / MVC / SQL
- An app that collects real live data from other podcast's API's including new episodes to listen to
Social Media App - jrfoerster/SocialMediaApp (github.com) - C# /.NET / MVC / SQL
- A social media app API where users can create posts, comments, and replies, as well as "likes"

Professional Experience

Lids - Developer - Indianapolis, Indiana - April 2022 - Present

- Established and evolved collaborative roles on the Data Integrity Team
- Writing SQL with Microsoft Azure database and SQL Server Management Studio
- Held Status Update Morning Meetings with Data Integrity Team
- Refined and re-factored continuous Microsoft D365 responsibilities
- Utilizing Swisslog Warehouse Manager System to upkeep database to reflect returned store items

Angelica's Gold Leaf Frames - Gilder - Carmel, Indiana - - August 2016 - March 2022

- Learned the several different techniques and steps required to professionally gild frames
- Completed an assigned number of frames before the day was finished
- Learned to be flexible with my abilities, often working on several different sections of different frames on the same day, significantly speeding up completion time by a couple hours
- Applied gesso to the frames, applying clay, sanding the frames, applying gold leaf the frames, shining the gold leaf on the frames, and cleaning the store.

Awards

Eleven Fifty Academy's "Teamwork Core Value" Award
